War Chest Drive Opens In Daly City Monday, Oct. 18

"Let Your Heart Decide" Say Campaign Leaders

"Let your heart decide" is the advice given by National War Fund leaders in advising the public how much to contribute in the campaign opening, Monday, October 18. Each community is conducting its own war fund, this month. In Daly City, the drive is being directed by Mrs. Marce Trier, 158 Woodrow street, RAndolph 6652, who has a corps of workers ready to begin the house-to-house canvass of Daly City, Monday morning.

Local residents are urged to make their donations here in Daly City where it will count toward meeting the San Mateo county quota of $225,580 and where a portion of the funds will go to support the county welfare and relief agencies which serve Daly City.

This is the first year San Mateo county has had a War Chest in operation. For the war's duration there will be but one annual appeal to serve the vital needs of the War Front and the Home Fort. It will include all agencies except the Red Cross.

Captain Lorne C. McAloney, executive director of the San Mateo County War Chest, explained the drive:

"The San Mateo County quota for seventeen war-related and

Start Sewing Class For Night School

Tonight at 7 o'clock a class in sewing for women will be started at Jefferson Union high school, under the supervision of Mrs. Genevieve Lundin, who made many friends here this summer as head of the canning clinic. This night school class in sewing will feature cutting, sewing, fitting and remodeling clothes. Mrs. Lundin, a graduate in domestic science, is well prepared to present this interesting war-time course at the night school.

In order to continue the class, ten or more women must be in attendance every time the class meets, Tuesdays and Thursdays.

Night school enrollment is still open and adults of the community are urged by Principal James Ferguson to take advantage of it. There is room for more enrollees in bookkeeping, typing, business machines, Americanization, and beginners' English.

The night school sessions are held every Tuesday and Thursday evenings from 7 to 9 p. m.

Local Board Inducts Eighty-One Men, Oct. 9

Daly City Draft Board No. 103 supplied the armed forces with 81 of the 82 men whom selective service authorities had requested as the October 9 quota.

Daly City and Colma men included in the call were: Alessio Maggi, 138 Crocker avenue, Army; Eugene Ghilarducci jr., Bryant street, Colma, Army; Charles Franklin Strawther, Forrest Home auto court, Colma, Navy; Robert Winterton Jobson, 300 Westlake avenue, Navy; Clifford Richard Cottrell, 1051 Hanover street, Navy; Harold Donald Coon, 220 Station avenue, Navy; Andrew Fred Giannini, 168 Mateo avenue, Navy.

Ease Dimout Regulations Here

When the Western Defense Command liberalized coastal dimout regulations, effective Sunday, October 10, Daly City did not resume its pre-war blaze of nighttime lighting. Being one of those cities falling in Zone A, the new regulations only slightly ease the restrictions here. Major change is that regular driving lights, beamed downward, may be used. Street lights will remain shaded. Neon signs are still taboo. Interior lighting without shielding may be used provided the shade is below the horizontal level of the light.

Explanation of Daly City's continued stern control of lighting is that portions of this community are visible from the sea, and the same regulations proclaimed last year to reduce skyglow that could guide attacking planes or silhouette shipping for enemy submarines must be observed.

Invite Public To Mass Meeting

Civilian volunteers who man the home protective services under the direction of the Daly City Civilian War Council have two major events on their calendar, this month.

Tonight, October 14, at the high school auditorium, a public mass meeting for all volunteers and the general public is being held to discuss the role of civilian defense as it has been altered by recent war developments. A prominent speaker from state headquarters will address the group and several moving pict-

DALY CITY'S HONOR ROLL

All Daly City men serving their nation in the armed forces will be listed on two plaques to be hung in the main hall of the city hall, 75 Wellington avenue, in the near future. This announcement came from John J. Fahey sr., chairman of the city council's committee on securing a commemorative display board for the names of those local men in the services.

Patriotically decorated, the plaques will be framed in oak to harmonize with the interior of the city hall. The names will be engraved on strips of wood and additional names may be added at any time. The names of those losing their lives while on duty with the armed forces will be in gold letters.

The majority of the names will be secured from the local draft board but the names of those young men who volunteered before they were 18 and thus missed the selective service signup are wanted by the council. Parents of friends are asked to advise the city clerk, B. C. Ross at his city hall office of such names.

After the plaques are hung if anyone notes the name of a son, husband, or friend missing, who should be recorded, he is asked to notify the city clerk at once and the listing will be included. In working over the list of names, the possibility of unintentional omission is obvious.

The council wishes the list of names to be complete and asks public cooperation in the matter.

Lions Club Takes Week At Service Club

The Daly City-Colma Lions club will be host organization at the Daly City Servicemen's club, 6201 Mission street, Sunday, October 17, through Saturday, October 23. Their week will be climaxed with a social on Saturday evening.

Currently, members of the Ladies Auxiliary to Company No. 2, D. C. F. D., are in charge at the club.

Mrs. Anne Eason, Mrs. Maisie Boyle, and Mrs. Margaret Steele, city committee for the center, will discuss details of a dance for servicemen with Principal James Ferguson, this week. The event is to be held, Friday, October 29, at the high school auditorium. The popular Indians of Rhythm are to play for the dance.

Swear In New Council Member Monday Night

Howard McHugh, 247 Oliver street, past commander of Old Glory Post No. 2044, V. F. W., was sworn in as councilman on the Daly City board, at Monday night's regular council meeting. He pledged himself to support the constitution of the nation and of the state and to handle the duties of the office of councilman to the best of his ability.

Appointed at the September 30 adjourned meeting of the council to complete the unexpired term of Hugh H. Smith jr., now in the armed forces, McHugh has been active in civilian defense since its inception here and originally served on the Daly City Disaster Preparedness committee.

The various standing committees of the council were revised and read at the meeting. The new personnel of the committees will be announced, next week.

A resolution providing for the cancellation of a warrant to Boni Hardware company, issued in March and subsequently lost before encashment, was unanimously passed and a new warrant issued.

The council voted to meet with the fire commissioners and city attorney at the city hall, 8 p. m., tonight, October 14, to discuss the drafting of new fire department regulations.

Chief Andrew P. Chesney was asked to try to get some of his men to volunteer to burn off lots along Hillside boulevard. Residents in the 300 block on Hillside were in attendance to com-

Interior Of Daly City Cafe Wrecked

Climax to a long series of incidents at the Signal Coffee shop, 6298 Mission street, which have required the intervention of Daly City police, came, Monday night, October 11, when the interior of the restaurant was wrecked. Booths were overturned, the cash register pushed off the counter, windows broken.

At 11:30 p. m. Sergeant Ricco Benedetti and Officer Henry Sundermann jr. nailed the door closed, being unable to find the proprietor, Everett Bryan. Tuesday morning, October 12, Bryan swore out complaints against the parties he feels were responsible.

At 1:25 a. m., October 11, Officers Roy Beecher and George Savage had broken up a fight between several customers in the cafe and later the same morning, at 3:25 a. m., the proprietor reported that a group of fellows were banging on the windows and kicking on the door.

In the past several weeks, Daly City police have had to give the spot a great deal of attention.

Schools To Handle New Registration For Householders

Designate Three Sites For Rationing Program

"How do I get War Ration Book Four?" is the question of the week as far as the rationing picture is concerned.

Daly City families will register, October 20 to 23, at three school sites, Crocker, 649 Bellevue avenue; Woodrow Wilson primary, 43 Miriam street; Jefferson, 14 Alemany street. One adult member of a family group may signup for all the members of a household. Persons registering must have a War Ration Book Three for each person for whom they are obtaining Book Four..

Axiom of this registration is "no Book Three, no Book Four." Early announcements that the covers from Books One and Two would be needed in this registration were in error.

R. L. Crane jr., district superintendent of schools, and his staff of teachers will handle the Daly City Book Four registration. Crane urged local residents to get their registration over with and not wait until the last minute rush.

"Our hours will be from 9 a. m. to 7 p. m. on Wednesday, Thursday and Friday, October 20, 21, 22, and from 9 a. m. to 1 p. m., Saturday, October 23. There will be no exceptions to these deadlines. Doors will be locked promptly at 7 each evening and on Saturday at 1 p. m. the registration is definitely over."

Miss Genevieve Blue, chief clerk at War Price and Rationing Board No. 83-12-3, warned residents that they must get Book Four during the registration at the schools. Otherwise, a long waiting period and subsequent delay will be in store for them at the local rationing board.

"Avoid delay—get your books at the schools," she urged. At the same time she appealed to

Colma Council Gives Up Location

Giving up their locations in the Colma city hall to the use of the United States Army "for the duration," housing for the transaction of municipal business was planned for city offices, at the regular council meeting, Monday morning.

Minutes of two special council sessions, as read at the meeting, revealed that the city building had been leased to the army for its exclusive use. City Attorney Charles Gebhardt was instructed to draw up a resolution under which the city offices would be transferred to property of E. A. Weisenburger, across the street from Cypress Lawn cemetery. Official records will be kept here, and a room prepared for council meetings and holding trials. Mayor Paul Delucchi appointed Councilmen Bartley Flynn and Peter Barsi to make necessary arrangements.

Record Offers Christmas Cards

Free Christmas cards may seem like an impractical plan, in view of the wartime shortage of greeting lines, but the usual card premiums are being given, this year, by the Daly City Record circulation department to its subscribers.

Although early shoppers are finding smaller selections and higher prices in retail stores, this year, the Record has managed to stock a supply of cards to be given as annual dividends to its readers.

Quantity has not been reduced;

Private **Glenn Goode,** who is taking specialized training at the Georgia School of Technology, Atlanta, Georgia, enjoyed a 3-day furlough in Daly City, last week. He visited his mother, Mrs. Zaida Goode, 183 Los Olivos avenue, and his many friends.

He reports that he receives The Record weekly and enjoys it a lot.

Before Goode was sent to the Georgia school by the Army he was with the Chemical Warfare service at Camp Sibert, Alabama.

A V-mail letter from India received, recently, by Mr. and Mrs. Louis DeVincenzi, 280 Hillcrest drive, reveals that Private First Class **Roy DeVincenzi** finds that land one of mystery, romance, and enchantment.

"We have arrived safely at our destination and we are now somewhere in India," he wrote. "This afternoon we are going to change all of our American currency into Indian rupees. You can't imagine how much I am enjoying all this. It is quite a thrill to see this right in front of you instead of reading it from a book or having it projected on a screen."

DeVincenzi was president of the student body at Jefferson Union high school in 1942.

Floyd C. Lawrence jr., 76 Vendome avenue, is among U. S. Army aviation cadets from the Bay area now ready for advanced training. He successfully completed his basic flying training at Marana Army air field, Arizona. He took his primary course at Tulare.

Private **John A. McLeod,** Daly City soldier, has sent home to his mother, Mrs. Mary McLeod, 144 Los Olivos avenue, a communication of which he is very proud.

The letter of commendation to McLeod from J. K. Kane, captain, commanding, read:

"Our force, through the direction of our commander in chief, the President of the United States, was given the following mission on Attu, May 11, 1943:

1. To take it.
2. Destroy the Japs.
3. Defend it.
4. Develop the island as a base for future operations against the enemy.

"You, as a member of this force, have participated in and completed the first three phases and are engaged in the last. Throughout you have conducted yourself so as to bring the highest credit to you, yours, and your country. I wish to take this opportunity to express my deepest gratitude. You may well be proud of being a member of the force that successfully drove the enemy from the North American continent."

The McLeod family are pioneer residents of Daly City. Private McLeod's brother, George M. McLeod resides at 20 Miriam street, and another brother, Fred McLeod, is a sergeant in the U. S. Army Air Corps, stationed in Australia.

Dennis J. Leyden, whose home address is 3328 San Jose avenue, has been promoted to the rank of corporal and is now stationed at Chanute field, Illinois.

Leyden took his training as an aviation mechanic in the Army Air Forces at Amarillo, Texas.

Corporal **Ernest J. Giomi,** son of Mrs. Mary Giomi, 146 Parkview avenue, has been sent overseas to active duty with the U. S. Army Air Corps. He has been in the armed forces a year now and

ures showing how European cities met bombing attacks are to be presented. In addition, a representative of the Pacific Gas and Electric company will demonstrate how to make ordinary amateur repairs to household electrical equipment.

Harry Melicker, chief air raid warden, was in charge of planning the meeting with the cooperation of Director Arthur J. Bodien.

The meeting at the high school will begin promptly at 8 p. m. A good turnout is urged and an informative evening is promised.

Second major October event will be the test of all services in the area north of Mission street and Wellington avenue, October 28. Incidents to call all of the various services into action will be planned at the October 21 meeting of the civilian war council at the city hall, beginning at 8 p. m.

T. B. Hunter, from state war council headquarters, will be present at the October 21 war council meeting to assist with laying out the plans for the October 28 drill, which will begin at 7:30 p. m.

Safeway Awning Catches On Fire

Companies 1, 2, and 4 of the Daly City Fire department responded when the awning in front of the Safeway store, 6318 Mission street, caught on fire, Saturday, October 9, at 1:16 a. m.

The blaze was extinguished before any serious damage resulted. The alarm was turned in from the box at Wellington avenue and Mission street.

Pate was graduated from Jefferson Union high school in June '42.

Williams field is located about 30 miles east of Phoenix and is one of the few advanced schools used exclusively for the training of P-38 fighter pilots, Pate writes. He said that he enjoyed The Record, especially the "service" column.

Announce Plans For Christmas Seals

Appointment of Judge Maxwell McNutt as the 1943 Christmas Seal Sale chairman was announced today by Bradford M. Melvin, president of the San Mateo County Tuberculosis and Health association.

The committee responsible for the selection of the chairman was Martin Poss of San Mateo, Mrs. Florence Donnelly of Redwood City and Dr. St. J. Lester Russell of Hillsborough.

In accepting the chairmanship Judge McNutt said:

"With the same type of splendid cooperation that has been given in the past by the residents of this county and similar efforts of our splendid corps of volunteer workers, there seems every reason to predict that the 1943 Seal Sale will better all previous records. Last year there was an increase of 20 per cent over any previous year in the agencies history in this county.

"The annual Seal sale is more than a means of raising funds for a work that has been greatly responsible for reducing tuberculosis deaths more than 70 per cent in the past 36 years. It is in itself an educator, a reminder that Christmas is the season of giving and that the greatest of all gifts is health. Furthermore, every time we see a Christmas seal decorating an envelope or package, we should ask ourselves if we are taking every precaution possible to protect our homes from tuberculosis.

"The farther we become engaged in war, the greater become the opportunities for the spread of tuberculosis; the more need is present for increased activity of our tuberculosis association. Knowing that our people appreciate the connection between the two, I feel safe in predicting a banner sale in San Mateo county this year."

school, Carlsbad, New Mexico, where he will study advanced high-level bombardiering and dead-reckoning navigation.

The Carlsbad Army Air field is under the supervision of the "father of modern bombardiering," Colonel John P. Ryan, and promises to be the greatest bombardiering school in the world.

Cadet Freund received his preflight training at the Army Air Forces Replacement center, Santa Ana, California.

During the 18 weeks advanced training course, Cadet Freund will learn the bombardier's art under simulated combat conditions. He will be taught the intricacies of the famed Norden bombsight, and, in addition, be given an intensified course in dead-reckoning navigation. This revolutionary type of cadet training will qualify Cadet Freund as a double-threat man—a "Bombagator." Such airmen, equally skillful in both fields of aerial warfare, are especially valuable in our modern bombers where space is at a premium.

On graduation Cadet Freund will be awarded his silver bombardier's wings, and either commissioned a second lieutenant or appointed a flight officer.

the 30-day leave of absence given Chief of Police Joe Cavalli, was granted. He is recuperating from a serious illness and had been advised by his physician to rest for another week before returning to work.

Councilman Fred Lane reported that payment to L. C. Smith for the repair and resurfacing of E street was still being withheld until it was satisfactorily completed. He announced that materials, lack of which had held up the job, would be available in the near future.

The council voted a $10 donation to the San Mateo County Blood Bank, and heard a report, read by City Clerk Weisenburger, on expenditure of the state highway funds within the city limits, for the biennium ending June 30, 1943. A request from a department of the University of California for information regarding any municipal action dealing with the question of returning West Coast Japanese was tabled.

A Series G War Savings bond for $1000 was presented by City Treasurer Henry Kempf to the council, who had authorized its purchase, at last month's meeting. Total investment in the securities by Colma now totals $6000.

free assortments of twenty cards, with envelopes again comprise this year's premium. Quality has not been sacrificed; folder-type cards are again offered, beautifully embossed and printed, in a good range of pictures and sentiment. Price has not been increased; assortments of twenty are, as usual, the reward for paying $1 on advance subscriptions.

As a word of warning, however, it is announced that the first group of cards has been exhausted, although little promotion has been done as yet. More cards are on hand at present, but whether enough to last out the weeks before Christmas or not, remains to be seen.

In any event, the Record circulation staff will try to see that present subscribers are given an opportunity to take advantage of this offer. And with the high value of the premiums offered, it's a fine time for newcomers to Daly City to get acquainted with its only local newspaper.

Persons wishing to assure their getting this year's beautiful assortment are invited to telephone the Record office, RAndolph 3215, or come in to 3317 San Jose avenue and order their subscription.

consumers to take better care of their rationing books. Losses are so high that carelessness is the only possible explanation, she pointed out.

During the Daly City registration there will be no school for primary and elementary pupils.

OPA officials have announced that this registration will be simpler than preceding ones. The registration form itself is considerably less involved and will require only the listing of the names and addresses of those to receive the books in each household. This form, with corresponding Book Three, will then entitle the bearer to Books Four, to be issued on the spot.

There will be no "tailoring" of this book as there was in the case of processed foods and sugar. This feature alone is expected to save many hours.

No details of what items Book Four will cover were available. Only official OPA announcement on the subject was that stamps labeled "coffee" in Book Four do not mean the resumption of coffee rationing. The books were printed before coffee rationing was discontinued. Any rumors that it is to be resumed are unfounded, OPA says.

School and rationing board officials declared that their instructions call for making possession of Book Three the all-inclusive test of eligibility for Book Four.

No instructions about how books will be issued for babies born since Book Three distribution were forthcoming.

six Home Front Agencies is $225,580, the largest amount ever asked for at one time in its history. An extensive and complete organization has been set up for a house-to-house canvass. Between 4,000 and 5,000 interested volunteer workers are mobilized so that adequate canvass of all homes and business houses will be made.

"The chairman and co-chairman in the districts will supply each worker with stickers, lapel tags and pledge cards for each contributor.

"To put the campaign over successfully will require sacrifice in giving by all citizens. We are making it convenient for all to budget their contributions over a period of months by specifying on the Pledge Card the time of payments. Through an orderly accepted plan of solicitation and giving we will raise a sum greater than any amount ever raised before in one campaign. Only you can say how much, but give whatever you can to the San Mateo County War Chest. You give only once—your contribution goes many ways. It is apportioned to the fighting forces and six Home Front Agencies. Give now through the local united community campaign."

WHAT IS EDUCATION?

The investigation by the State Interim committee into the California school system puts the spotlight on our educational methods.

Just what is wrong with these methods, if anything, we don't know, since they are both praised and condemned. But we are prompted to call attention to a 2-year survey of American schools from coast to coast recently concluded by a New York professor.

He declared, "No appreciation of the individual's duties to his country and community was evidenced by the children, and they seem to have no real understanding of the meaning of democratic behavior."

Forty-one per cent of the students who were queried said they had no objection to cheating in examinations.

Whether or not the professor's survey accurately reflects the attitude of most American school children is open to debate, but it is nevertheless thought-provoking. And it suggests the question: What is education? Is it the accumulation of facts which the student may tuck away in his mental file? Is it the training that enables him to answer the $64 question?

Certainly, the educational process, no matter how thorough academically, fails completely in its purpose unless it also inculcates in the student some understanding of his responsibilities as a citizen in a democratic form of government. It also falls short unless it arouses an appreciation for the homely virtues, such as showing him the need of being honest first and clever afterwards. Real education, therefore, is something considerably more than "book larnin'."

What the effect of the Senate's investigation will be remains to be seen, but if it in any way helps to bring about greater emphasis on the more basic phases of education, it will have served a good purpose.

BEWARE OF THE REALISTS

Many self-termed "realists" declare that as far as the millions of men and women who work in large corporate enterprises are concerned, it makes little difference whether government or private management runs industry and signs the pay checks. For them, it is claimed, opportunity and free enterprise are merely empty words. Government domination is encouraged on the grounds that it is the easiest solution to the complex problems of an industrial society. Such "realists," and they are found in inudstry as well as in the ranks of labor and government, are sowing the seeds of destruction of our republic.

The problem of maintaining individual security and opportunity cannot be solved by the spineless expediency of government ownership. Government ownership of basic industries, of mines, other natural resources, power and transportation, would open the way to termination of the liberty of every citizen. No matter how large an industry may be, as long as it is privately owned and operated, it represents economic freedom to those who work in it. That is, they are economically free of any form of political coercion. Their jobs do not depend upon how they vote.

Destruction of private industry means destruction of representative government. This is a fundamental truth which every soldier and every war worker must keep clearly in mind during these troublesome times.

WHY BE COPY CATS?

The argument has been advanced that if one believes in a free public school system, one should not object to "free medicine" controlled and paid for by the state.

There is considerable difference between a public school system to give every individual a chance for mental equipment with which to earn a living and care for himself, and furnishing the individual, at state expense, the various necessities and luxuries of life.

"Cradle to the grave security" sounds appealing, but a nation which accepts that plan sells its independence and admits that its people cannot care for themselves.

The American medical system has been the wonder of this war. It was not developed or fostered by the state. It was the result of enterprise and initiative of American doctors who over a long period of years have been determined to make American medicine supreme.

American medicine probably gives more actual free service to those who need it, than do the so-called socialized medical systems of foreign countries, which load the cost of their "free" service onto the individual in the form of special taxes.

Why should we in this country even consider disrupting the greatest medical system in the world to copy experiments of nations which cannot match ours in medical progress?

"Bomber's Moon" Opens At Daly City Theatre, Promises Real Thrill, Suspense

If you're looking for an adventure film—chock full of thrills and suspense—you'll do well to take in "Bomber's Moon," the new Twentieth Century-Fox hit now at the Daly City theatre.

The theme is well-chosen, timely and admirably worked out: an American bomber, after completing its mission over Germany, is shot down in German held territory. The pilot, George Montgomery, still in the plane, sees his younger brother, the bombardier, helplessly drifting to earth, machine-gunned by a Nazi flyer. The plane cracks-up and Montgomery, only slightly injured is captured and placed in a prison camp. Here with the aid of a Russian doctor—none other than trim Annabella—he effects an escape.

Their tortuous progress, replete with unsuspected pitfalls, is brought before your eyes. From the camp they go to the city of Frankfort—then down the Rhine to Holland and finally . . . well, to say more would tend to spoil your enjoyment of the picture. But it is, without a doubt, one of the most exciting pictures of the year—the tension mounts with every passing scene as the inhuman efficiency of the Gestapo drag-net closes in on the hunted couple. Praise is due the stars, George Montgomery and Annabella, for their superb performances in the key roles. Montgomery shows himself to be at home in the exacting portrayal—whether he's strangling a Nazi guard or making love to the lovely French star. Annabella contributes another of her outstanding dramatic and romantic portrayals. And, brings to the screen something entirely new—a woman who looks alluring in male garb. Throughout most of the film she wears the uniform of a Red Army Lieutenant.

Kent Taylor tops the featured cast, which includes Walter Kingsford, Martin Kosleck, Dennis Hoey and Robert Barrat.

READING & WRITING

BY Edwin Seaver AND Robin McKown

IT'S not only soldiers who have exciting stories to tell of this war. One of the most thrilling books we've come across for some time is "Paris-Underground," a Book-of-the-Month Club selection for October. "Paris-Underground" is the true story of an American woman in her middle sixties, Mrs. Etta Shiber, who helped many a British soldier to escape from Nazi-occupied France at the risk of her own life.

MRS. ETTA SHIBER

Mrs. Shiber just happened to be living in Paris at the time of the French armistice. And she just happened to become involved in the whole underground movement in France.

In June 1940 Mrs. Shiber and the Englishwoman with whom she lived, Kitty, tried to drive their car along the refugee-cluttered roads south from Paris. A German officer ordered them to return.

On their way back they stopped at an inn for a cup of tea. The innkeeper confided to them that he needed help. A British pilot was hiding there and he dared not keep him longer, for the Germans might search the inn at any moment. Impulsively, the two women volunteered to hide the boy in the luggage compartment of their car.

This was the beginning. Later, they met up with Father Christian, a small town Priest, who was in touch with a large group of English soldiers hiding in the woods. They managed to hide the boys he sent them in their Paris apartment until they could be turned over to others of the underground chain for transportation to unoccupied France and England.

Eventually they were all arrested—first Mrs. Shiber, then Kitty and Father Christian. Kitty and Father Christian were sentenced to death. Mrs. Shiber was given three years. She did 18 months of this sentence. Then, with sudden and mystifying sympathy the Germans one day granted her a six months parole to regain her health.

Back in Paris she tried in vain to learn the fate of her friend Kitty. She did, however, learn that Father Christian had escaped. On the day of his execution two supposedly German officers had arrived to take him to the place where his sentence was to be carried out. They had the correct papers, and the prison authorities let him go. A few hours later, the real German officers arrived. The first two had been members of the British Intelligence Service.

Shortly afterwards, Mrs. Shiber was sent back to America in exchange for Johanna Hoffmann, the German hairdresser of the S.S. Bremen. She is living in New York now. Recently someone asked her if she hadn't considered lecturing about her experiences. "Oh, I couldn't do that," said this woman who had risked her life daily and hourly. "Why I'd be scared to death."

NEWS FROM JEFFERSON UNION HIGH CAMPUS

By Verna Moresco

ABOUT SCHOOL

They're off again! The members of the Junior Naturalist society are planning, as their first field trip this year, to go to Strawberry canyon, Sunday, October 17. Strawberry canyon is located back of the University of California.

If weather does not permit, those who wish will go to the aquarium at Golden Gate park.

Elections for officers were to be held, Wednesday.

Several past graduates of Jefferson Hi, now in the service, were recent visitors. They were: Lieutenant A. Marcucci, Army Air Corps; Art McCrystle, U. S. Navy, and Sergeant Eaton.

Members of girls Block "J" have been selling bon-bons for the football games. They are made in the school colors, blue and gold.

Tryouts for assistant yell leader were held, Friday, during the rally. Those who participated were Eugene Grant and Jerry Root.

BONDS 'N STAMPS

To further advance their bond drive, the bond committee has made plans to hold a team competition between classes. The idea is to divide the classes into teams of not more than six on a team. The group that obtains the most bonds will receive $20 worth of war stamps. May the best team win!

Members of the Bond and Stamp committee, who are doing such a swell job of putting over the sales are: Miss Edna Smith, supervisor; Lois Rich, chairman; Elsie Belli, Daisy Yonan, Louise Terry, and Ken Hatt.

The committee together with the students of Jefferson Hi, cannot help but get $75,000 for their P-38.

The students are also trying to encourage outsiders to buy stamps and bonds through the school.

SPORTS

New to the girls at Jeff is a handless, difficult, fast-moving game which has been introduced by Miss Ella Redkey and Miss Claire Nace. In this sport any part of the body may be used except the hands and arms.

Soccer is played on the same size field as hockey. The players and the goal keeper make up the team. The goal keeper, who is the only one permitted to touch the ball with her hands, may either drop kick it or stop it and kick it.

Two points are scored for a field goal going between and under the bar, one point for a penalty kick going between and over the bar.

Left, right! Right, left! These are the commands the girls hear every Friday. For the first time they learned to march under the command of a State Guard lieutenant.

Given a choice of marching or playing soccer, a number of girls chose to learn marching in preparation for possible future service with one of the women's military organizations.

ASSEMBLIES

"Conquer by the Clock" and "The Thousand Days" were two interesting films shown in last Wednesday's assembly. "Conquer by the Clock" proved the importance of time, especially today; and the latter showed how long it took Canada to become prepared and how she did it. There was also included in the picture a speech by Winston Churchill.

LATE NEWS FLASHES

At Monday's assembly, the students of Jefferson were honored to hear Nicolai Alexander, singer, accompanied by Gladys Steele on the piano.

Dressed in a colorful Russian costume he sang some Russian songs such as: "March of the Hussars," "Dark Eyes," the "Volga Boatmen," which is his favorite song, and many others. He also sang popular selections such as: "Stouthearted Men," "Your Eyes Shine In My Own," and "Ole Man River." Alexander was so well liked that he sang for an encore "Begin the Beguine."

Alexander's real field is opera and radio. He will play the part of a minstrel in the "Girl of the Golden West."

During intermission Miss Gladys Steele played for the students her own arrangement of selections from "Vagabond King."

RALLY

The first rally of the season was held in the gymnasium Friday, October 8. For being the first rally there seemed to be plenty of school spirit. The band furnished music while the yell leaders were there to pep up the crowd with some school yells.

Don Nelson has been chosen captain of the football team.

The new football coach, Marion Hall, spoke during the rally.

Well, that same day a game between Jefferson and Tamalpais was held and the score ended up with 13-0 with Jefferson left with the 0.

That's only the first time and we are sure that the next time we will have the 13 and the other team the 0. We hope!

DANCE

The students of Jefferson took out their dancing slippers once more and had themselves a good time at their first dance of the semester, October 8.

The dance was called the "Pigskin Fling." The decorations were on the order of a football game.

The band was unusually good and the crowd went wild over the song "Paper Doll."

Al Marcucci, a former graduate of Jefferson, and now a lieutenant in the Army Air Corps, sang a few selections.

Tickets On Sale For OLPH Bazaar

Tickets went on sale, this week, for the annual bazaar of Our Lady of Perpetual Help parish. It will be held, Friday, Saturday, and Sunday, November 12, 13, and 14 at 6001-05 Mission street, corner of Templeton avenue.

General chairman is Leo Wille, who is now choosing committee members to assist him with arrangements for the gala event.

The public is invited and many booths and games are to be featured. The location of the bazaar will be decorated gaily for the occasion. Further details will be announced, next week.

Local Interest In Big Horse Show

Two local riding academies, Hollywood Riding and Mission Riding, and a well-known horseman, Ed Allen, will participate in the annual fall classic horse show at Graham field, San Jose, Sunday, October 24. The event, which begins at 1:30 p. m., is being staged this year to raise funds for the benefit of the present war wounded, under the auspices of N. O. T. R., Shrine of Disabled American Veterans.

Allen will officiate as one of the judges.

Promoters of the show announce that championship horses and riders from all parts of California will be entered. There will be special surprises and exhibitions.

Graham field is located at Willow and Mastic streets in San Jose.

Friday Night Whist To Benefit Church

Whist players of the vicinity were reminded today that tomorrow night, October 15, is the date for the benefit whist for Our Lady of Perpetual Help church. It will begin at 8:30 p. m. at Masonic hall, 17 Hillcrest drive, Daly City.

Bayshore P. T. A. Plan Nov. Event

On Wednesday, October 13, at 10:30 a. m. the study circle and sewing ladies of Bayshore P. T. A. met at the home of the chairman, Mrs. A. Scheper to sew for the bazaar which will be held the latter part of November.

The unit and school are conducting a house-to-house drive for donations so they may send every service man or woman from this district a gift for Christmas. So far the drive has been very successful.

At the regular meeting, October 8, the unit voted to sponsor the California War Chest drive. Mrs. V. Hermansen was appointed sub-chairman for this.

The Bayshore unit will take part in the Fathers' night program at Jefferson Union high school, Tuesday night, October 19. Mrs. Wagoner's dancing girls will participate in the program.

IN OCEAN VIEW

Labeled the "3-Way Dent-Aid Medical Kit for Toothache and After-Extraction Relief," the handy package contains assorted medicines and full directions for treatment of various conditions causing dental pain. All materials are enclosed in a glass tube, and include toothache drops, tampon, pain tablets and dental poultice.

Plans are being made for marketing the kits which will soon be placed on sale in drug stores throughout a wide area, according to Dr. Lantheaume.

This Yeoman, Third Class, is receptionist to the "Cominch"—Admiral Ernest J. King, commander-in-chief of the U. S. Fleet, at the Navy Department, Washington, D. C. He insignia — one chevron and crossed quills under an eagle—doesn't show in the photograph because it is worn on the left sleeve, but is reproduced in the inset. The WAVES need thousands of girls as secretaries, stenographers, typists and clerks in the offices of high-ranking officers, as well as for numerous other duties. A new booklet for young women interested in the WAVES is available at Navy Recruiting Stations.

Basketball League Play Begins Today

League play for lightweight basketball teams of Jefferson Union high school starts today as the 110- and 120-pounders go to Burlingame for contests against similar squads this afternoon.

Coach Elman Rose and his boys have won twice in practice games, beating St. James high school and St. Ignatius. The latter contests both were won in overtime periods caused by tie scores. The 110's won, 19 to 16, while the 120's took theirs with a 27-25 final count.

Comprising the 110 squad's starting lineup were Donald Decker and Art Valente, guards; Charles Piccard and Wayne Root, forwards, and Ben Parodi, center. For the 120's it was Ray Chelone and George Perada, guards; Ed Denning and Don Greene, forwards, and Don Welsh, center.

Next Monday, October 18, these teams will meet representatives of Mission high school, on the Jefferson court, starting at 2:45 p. m.

Tamalpais Squad Defeats Jefferson In First Contest

Tomorrow Indians Start P. A. L. Season

Jefferson Union high school gridders, opening the 1943 season, took a 13-0 defeat at the hands of a Tamalpais squad, Friday, on the local field. With four lettermen, including three regular varsity players, returning from last year's team, Coach Marion Hall has had to rebuild a machine from the "ground up." A total of 29 boys have signed up for the sport.

Starting lineup in Friday's practice game included Tulio Picchi, left half; Don Van Kirk, right half; Merle Van Kirk, quarterback; Louis Valletta, fullback; Bill Reed, left end; Bud Fellows, left tackle; Don Nelson, left guard, and game captain; Mervin Francies, center; Al Bermudez, right guard; Ernest Day, right tackle, and Lloyd Arthurs, right end.

Picchi, Nelson, and Fellows are the regulars from last year's varsity, while Merle Van Kirk is the other returning letterman.

Coach Hall, starting his first season at Jefferson, has had wide coaching experience at larger schools, among them Salinas junior college, Salinas high school, and Springfield (Oregon) high school. He is a graduate of Hollister high school and of the University of Oregon.

Tomorrow (Friday) afternoon, the Jeffs will start the P. A. L. league schedule by meeting Burlingame on the Daly City squad's home gridiron, beginning at 3 o'clock. A practice scrimmage against Balboa high school is also slated for Tuesday, October 19.

Ease Dimout Regulations Here

(Continued from Page 1)

mand, announced the liberalization of coastal dimout regulations.

In Zone A, which includes Daly City, previous restrictions remain in force except that the following is now permitted:

Interior lights, when located more than six feet from a window sill, no longer require shielding. This will permit miscellaneous store lights, interior signs and display lights, interior industrial lights and residential lights wthout any shielding provided they are more than six feet from any window. In residences, floor lamps and table lamps even closer to the window are now permitted if covered with the customary lamp shade. If direct light to out-of-doors goes over the top of the lamp shade, the window shade must be used to shield this upward light. Direct light must also be shielded from all skylights.

Except for the above, present restrictions of one foot candle limit on outdoor areas and shielding of all light sources to the horizontal are still in effect for all of Zone A.

The liberalized restrictions are applicable from one-half hour after sunset until one-half hour before sunrise from October 1 to April 30, and from one hour after sunset until one hour before sunrise between May 1 and September 30. Previous restrictions applied from sunset to sunrise.

All senior air raid wardens were urged to attend their meeting, tomorrow night, October 15, at the city hall where the new regulations as they affect Daly City will be discussed in detail. Chief Air Raid Warden Harry Melicker announced that the wardens would be expected to explain the new setup to householders in their area and to the wardens under their supervision.

Tax Association Reports On Study

Old age aid rolls in San Mateo county listed 1,183 people for August compared with 1,177 for June, study of changes in old age aid cases in California counties, just completed by California Taxpayers' association, shows. June was the last month before the increase in maximum aid from $40 to $50 and other liberalizations in old age assistance by the legislature went into effect.

Average aid per person went from $36.52 for June to $46.42 in August, with total cost to the federal, state, and county governments jumping from $42,986 for June to $54,916 for August.

The county share of the cost went down from $10,691 for June to $5,271 for August, while the State's share skyrocketed from $10,802 to $26,567 and the federal government's share went from $21,493 to $23,078, the association found.

Professor Cites Misunderstanding

"It is disturbing to a believer in democracy to find persons who insist that it is the business of the Allies to provide democracy for the conquered Axis countries and the freed captive nations after the war."

This was pointed out by Dr. Knight Dunlap, professor of psychology on the Los Angeles campus of the University of California, lecturing to psychology students. "To think that democracy can be forced on populations is to misunderstand democracy," he added. "For any nation or nations to interfere in the internal affairs of other nations is typically undemocratic.

"At the close of the war it may be the duty of the Allies to see that populations are allowed freely to choose their forms of government, and to supervise the reconstruction of the Axis nations, just as convicted criminals are supervised . . . A society of nations can do no more than guarantee to each nation the privilege of working out its own problems, through the maintenance of armed forces and the promise to use these forces against any aggressor nation."

Grass Fire Calls Out Two Local Companies

Columbus Day was a holiday for some people but not for the Daly City firemen who answered a 12:20 p. m. alarm to extinguish a grass fire far up on the hills behind Daly City. Dashing to the scene of the blaze, at the end of Lowell street, Companies 1 and 4 soon had the fire under control.

At 12:40 p. m. a youngster turned in another alarm for the same fire, creating unnecessary hubbub.

Two Runaway Cars Damage Landscaping, Playground At Park

Marchbank park was damaged twice, last week, by runaway cars. On Thursday, October 7, at 5:30 p. m. a Ford pickup truck driven by Rizilri Morino, 450 Santa Barbara avenue, ran down Park avenue and into the playground, breaking a stationary circle travel ring. The truck was owned by F. Ferrando company to whom damages are being billed.

On Friday, October 8, at 7:15 a. m. it was discovered that a stolen car, a 1941 Ford sedan, was lying on its side in the park, having hurtled down the embankment at the end of the park at Niantic avenue and South Park. The car was stolen earlier that morning from Eldon Sanders, 318 Austin street, San Francisco.

The car did half a hundred dollars worth of damage to the trees used in the park's landscaping.

Sherry Liquors Defeat Farallones

Weather conditions took a hand in the exhibition of baseball prepared for local fans at Marchbank park, last Sunday, and the resulting fog upset what should have been a good game.

Only six innings were played, but that was enough to run up a score of 11 to 7, with the visiting Sherry Liquors leading Daly City's Farallone Packers. Sherry players were credited with seven hits, while the Packers made five.

Bogdanoff and Petrocchi pitched for the Farallones, with Fenech catching, while the Sherry battery comprised Pieretti and Leonard.

In the morning game, the Farallone Packer juniors won over the Amazon juniors with a score of 8 to 3. However, the Amazons have asked for and received a rematch to be played next Sunday, starting at 11 a. m., again at Marchbank park in Daly City.

CLICK...and on goes service to our MILLIONTH Electric Customer

When Mr. and Mrs. Jack M. Gill came to San Francisco by way of Utah, New Mexico and Arizona and established a home at 1420 Kirkland Avenue, they became our Millionth Electric Customer. We were happy to be ready and able to serve these newcomers with dependable and economical electricity. But the most pleasing of all was when Mrs. Gill was asked — "Have you received your first month's P G and E. electric bill?" And her answer was "Why, yes I have it right here. It is exactly $3.46. The last place where we lived our bill was always considerably more than that amount, and I am using my same electric range, washing machine and other appliances. I know we are going to like San Francisco."

On the Home Service Front during a five year period of defense preparation and later the all-out production for war, more than 150,000 new electric customers have been connected in service.

On the War Service Front the amount of electric power needed to supply military establishments and war industries alone is equal to TWICE the normal daily requirements of the City and County of San Francisco. And during the past five year defense and war period more than 3500 miles of new power and transmission lines have been erected.

Kilowatt hours to help speed the man-hour production of military supplies is our main job these days. The men in the powerhouses, the men that maintain and build the power lines, the engineers and clerical help—some 12,000 employees of this company—are determined that an adequate power supply shall be maintained. This will be done, even though more than 2300 employees of this company now serve in the armed forces. California and the Nation can depend on that.

I OFTEN wonder how many of us realize the vast quantities of good food we normally *throw away* each day. Yes, it's literally so: most of us waste enough in a month to feed our families for days!

Wartime conditions make it more necessary than ever, of course, that each of us cut food waste to an absolute minimum. We all know that, in a practical sense, it's impossible to avoid having some leftovers. But they can be used, tastefully! Meats, macaroni products, gelatin and desserts stand up well as leftovers, and many times they can be dressed up in casseroles, soups, and similar dishes, with fresh vegetables added to give new nutritional strength. Tomatoes, green peppers, lemon juice or parsley work wonders with leftover flavors and add good vitamins. And onions add perkiness!

On the whole subject of wasted food, here's a check list that has a practical value:

Here's a Quiz for YOU on Kitchen Economy

Do you cook meats carefully, to avoid shrinkage and to avoid burning the fat? Yes☐ No☐

Do you strain the fat from your meat cooking, and use it whenever you can in place of shortening? Yes☐ No☐

Do you regularly take used fats to your meat man, so they can be turned into ammunition? Yes☐ No☐

Do you use vegetable "cooking water" in soups and sauces? Yes☐ No☐

Do you take leftover meats and vegetables and turn them into savory stews, salads, etc.? Yes☐ No☐

Do you plan the exact amounts of food you'll need, and buy them accurately? Yes☐ No☐

Do you put fresh vegetables away so they'll *stay* fresh and nutritious? Yes☐ No☐

Do you use *all* of each slice of bread (leftover toast and crusts are fine for crumbs)? Yes☐ No☐

When fresh fruits and vegetables *must* be peeled, do you pare them carefully to save vitamins? Yes☐ No☐

Do you avoid serving each member of your family more than he can comfortably eat? Yes☐ No☐

Do you make sure, each day, that your garbage pail is not sabotaging your food plan? Yes☐ No☐

If your answer is "Yes!" to each of these questions, you're all right! If not, my suggestion would be: start today to look for food waste in your kitchen!

AT CROCKER

Back to the soil for Victory! This is the slogan which has inspired the fifth and sixth grades at Crocker as they have earnestly weeded, prepared the soil, allocated specific plots, and seeded the ground as the initial steps for their fall and winter Victory gardens.

Integrated with science, social studies, language, and reading, this activity has provided ample means of an interest center not only at school but in the home and community as well.

Room 3 has selected "The Middle Ages" for its unit this term. The class is greatly interested in the days of knights and chivalry.

The class' Victory garden has been sectioned into smaller plots and the children will soon begin planting.

Room 4 welcomed to the seventh grade a new pupil, Elizabeth Olson, from San Francisco.

Jack Willis, in Room 2, visited his aunt in Placerville over the weekend.

The pupils of Room 6 were shown a film, last Wednesday, entitled St. Lawrence Seaway. These pictures were very interesting as they showed the cities along the St. Lawrence.

AT WOODROW

Room 5

Oscar Guisti purchased twenty-two one dollar war stamps. His record was the highest for Room 5 this week.

Room 9

A new pupil has recently enrolled in Room 9. She has lived in Honolulu for seven years. Her name is Betty Mae Alicata.

Room 14

Many of the girls in Room 14 belong to the Brownies. On Monday they entertained the class by singing some of the songs they had been singing at their Brownie meetings.

Room 15

Three children bought bonds this week. They are Larry Leipin, Loretta De Bello, and Diane Hadley.

Room 12

The pupils of room 12 have been studying how the pioneers built their homes and furniture in preparation for building a log cabin and furnishings.

Room 4

A very interesting film entitled "Proud American" was seen by the pupils of Room 4, recently.

Room 8

The high sixth and low seventh grade was 100 per cent in buying war stamps on Tuesday, October 5. The children hope to do the same every week during the month of October.

The class welcomed Glen Wilfred to the high sixth grade.

AT JEFFERSON

There is a spirited rivalry going on among the children of the Jefferson elementary eighth grade to see who can bring in the most interesting material for their study of The San Francisco bay region. So far, the girls are far ahead of the boys in this matter of rounding up unusual pictures. Mary Ann Bartels brought in some fine pictures from a San Francisco Examiner of 1837 showing San Francisco's past. Leontine Oberg found two beautiful illustrations; day and night views of the San Francisco World's fair in 1915. Caroline Fuchs discovered among her family archives, a number of well preserved newspaper photogravures showing ruins of San Francisco after the fire in 1906.

FIRST AID

The importance of knowing first aid thoroughly has been brought forcibly before the seventh grade pupils by means of a class clipping bureau, searching for stories of accidents and the various ways first aid can be administered.

BOAT UNIT

The sixth graders continue to get new thrills out of their fascinating boat unit. This week, several of the children, who had made particularly good sketches of primitive boats, gave a short program in which they showed their pictures to the class and described the unusual features of their boats.

FIFTH GRADE

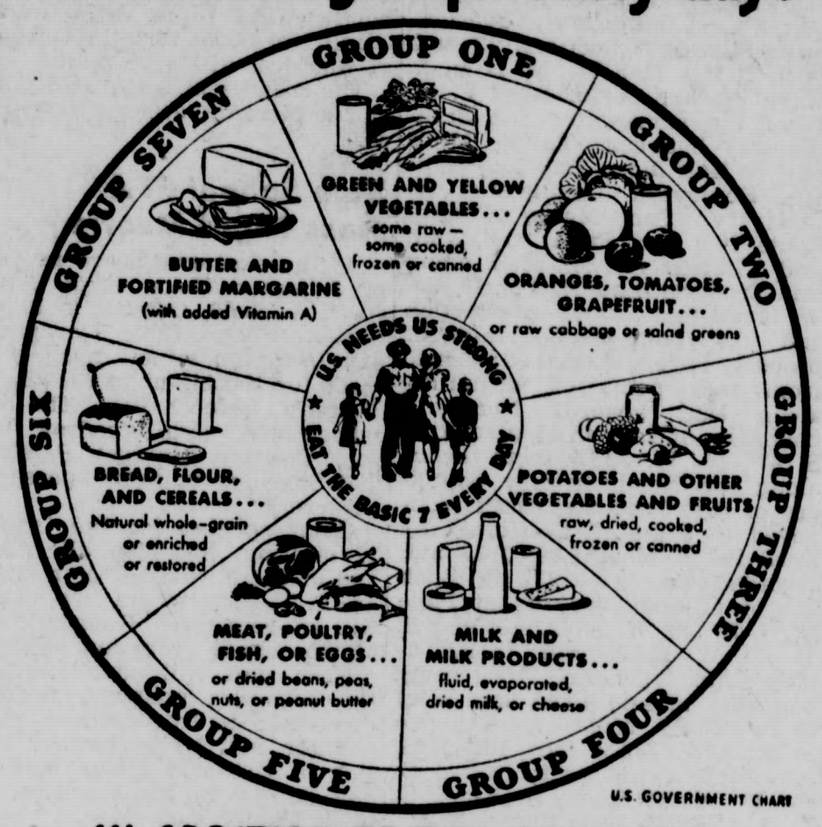
Early this week the fifth grade teacher took time out to have her class work out ten safety rules for pedestrians crossing streets. As the children have to cross busy highways on their way to and from school, she thought they might be more impressed with the importance of rules, if they helped make the rules themselves.

The third and fourth grades have a nice exhibit of Indian craft made up of articles loaned the children for the duration of their Indian unit. In the second grade the children have shown their great interest in the post office unit by bringing to school a variety of stamps from distant places such as Australia, Brazil, England and India. Postcards and letters from relatives who are in the Service in distant lands, take on new meanings when they are shown to other members of the class and talked about.

Children of the first grade are becoming weather conscious. They are making a weather chart on which they daily record the weather by means of symbols on the order of Indian picture writing. In the kindergarten room across the hall, the kindergartners are getting on rapidly with their creation of Little Black Sambo picture books.

National Wartime Nutrition Guide

For Health...eat some food from each group...every day!



IN ADDITION TO THE BASIC 7... EAT ANY OTHER FOODS YOU WANT

This is the National Nutrition Target, designed by Government nutrition experts to help people plan well-balanced meals. The idea is to include something from each of the seven food groups in the menu every day, to hit the bullseye of good health.

PAGING KNITTERS

The San Mateo County Red Cross chapter urgently needs knitters to fill a quota of 2,000 pairs of mittens with rifle fingers, scheduled for United States Army men in Alaska. Yarn will be furnished at Red Cross Volunteer Service headquarters, 256 North El Camino Real, San Mateo.

Quoting former production statistics, Mrs. Leon Levy knitting chairman for the chapter said, "One hundred pairs of mittens a month once meant satisfactory production. At this rate it would take two years to fill the present quota. If our men are not to suffer frost bitten hands this winter in Alaska, we must have the cooperation of all good knitters in San Mateo county."

"Date Conscious"? You'd Better Be - -

Here is a list of those ration dates, which make calendar-watchers of all local housewives, motorists, or, in fact, anyone who wishes to eat, drive his car, or buy an occasional pair of shoes.

August 16—stamp 14 in War Book One, good for 5 pounds of sugar, became valid; good through October.

September 1—blue stamps U, V, and W became valid and remain valid through October 20.

September 26—brown stamps C in Book Three became valid, good through October 30.

October 30—brown stamps C, D, E, and F expire.

October 31—last date to use stamps Nos. 15 and 16 in Book One, each good for 5 pounds of canning sugar.

October 31—shoe stamp 18 (in War Ration Book One) was to have expired but OPA extends expiration date indefinitely.

October 31—tire inspection deadline for B book holders.

November 1—Book Three "airplane" series stamp No. 1 becomes valid; good for one pair of shoes.

NEW TIRE RULINGS

Eligibility for new passenger tires (Grade I) has been restricted on C book drivers with a mileage of 601 miles or more per month. All B drivers and some C book holders will now be eligible only for used and recapped tires. The number of new passenger tires available for rationing in the October quota will be reduced by one-fifth, the OPA recently announced. Quota for farm tractor and implement tires for October is 59,800 as compared with 73,600 in September.

LEATHER SOLE SHORTAGE

Synthetic rubber and plastic will be used to help relieve this winter's leather shoe sole shortage, according to WPB. The output of rubber soles will be used on rationed shoes and for shoe repair.
